

SFCA American Rescue Plan (ARP) Recovery Grant

FAQ's

If our organization submitted an application to the Biennium Grants FY 2022 grant cycle, will we be able to apply to the SFCA ARP Recovery Grant?

Yes, however, State Administrative Rules- (§3-94-1) only permit organizations to have one contracted grant at a time. If an organization is awarded a Biennium Grants FY 2022 grant, the project must be completed and the Final Report submitted by February 28, 2022. The grant implementation period for the SFCA ARP Recovery Grant will be April 1, 2022, through May 31, 2022.

If the organization is unable to complete its project and submit its Final Report by February 28, 2022, the organization will not be eligible to contract and receive the SFCA ARP Recovery Grant.

Our organization will apply to the SFCA ARP Recovery Grant. Can we also apply to the National Endowment for the Arts direct grant, the National Endowment for the Humanities direct grant, and the Hawai'i Council for the Humanities American Rescue Plan grant?

Yes. The SFCA does not prohibit organizations from applying to non-SFCA grants that are also funded with American Rescue Plan funds. We recommend contacting the granting organization regarding their application guidelines.

Will our organization receive the grant amount requested?

Yes. The SFCA ARP Recovery Grant award amount is \$15,000. The total award amount must be expended by the organization on the allowable costs within the grant implementation period.

Will SFCA request documentation to support allowable costs?

Yes. SFCA may request, at any time, evidence to support that awarded funding was expended on the allowable costs associated with the SFCA ARP Recovery Grant.

If there are any questions regarding the SFCA American Rescue Plan Recovery Grant, please contact the SFCA grants team at SFCAgrants@hawaii.gov.
